

Monitors

H Series

The Acer H Series is made for those who appreciate stylish design matched by superb performance. With its excellent aesthetics and modern functionality, this series present stunningly realistic movies, videos and games, making it perfect for home entertainment.

Graceful design

A glossy panel, subtle curves, wave-patterned vents, and intuitively positioned controls make the H Series stand out wherever it's placed. Touch-sensitive controls preserve the monitor's clean, sleek appearance.

Brilliant views

Acer Adaptive Contrast Management enables a high contrast ratio to deliver excellent clarity and detail, while the quick response time delivers fast-moving images flawlessly. Plus, Acer eColor Management and Acer eDisplay Management technologies offer powerful color-enhancement tools to ensure remarkable image quality.

Multimedia prowess

Two built-in speakers (optional) trumpet powerful audio for great cinematic pleasure at home. And, an HDMI® or DVI interface allows you to connect to other high-definition digital sources.

Earth-caring power savings

In addition, this monitor uses a mercury-free LED backlight¹ for enhanced colors and imagery, power savings of up to 68%, and consideration of the environment.
