

HP StorageWorks RDX Removable Disk Backup System

Data sheet

Need a simple, inexpensive and reliable way to protect the data and systems critical to your small business?

The HP StorageWorks RDX Removable Disk Backup System delivers an easy-to-use, affordable and rugged data protection solution for workstations and servers. Backups are simple and pain-free with drag and drop file access. Protect your entire system with the 'hands-free' HP RDX Continuous Data Protection Software. Reduce cost of ownership with long-lasting removable disk cartridges and a forward and backward compatible docking station that does not require a costly upgrade for future, higher capacity cartridges. The RDX Removable Disk Backup System offers fast disk-based performance with the ability to store 160 GB, 320 GB, 500 GB or 750 GB of data on a single removable disk cartridge at speeds of up to 108 GB/hr. Portable, durable and rugged removable disk cartridges simply and securely store your backups offsite for complete data protection and peace of mind.

Key features and benefits

The simple way to protect your business data

- **Backup made easy:** The HP RDX Removable Disk Backup System drag-and-drop file access makes backup as simple and convenient as the click of a mouse. For a 'hands-free' backup experience, use the HP RDX Continuous Data Protection Software designed for ease-of-use and with complete workstation and server backup protection.
- **Spend less time on backups:** Backup data at fast hard drive speeds (up to 108 GB/hr) and restore critical files in seconds instead of hours with random disk access.
- **Easy scalability and expandability:** Flexibly meet your budget and capacity requirements with a choice of 160 GB, 320 GB, 500 GB or 750 GB removable disk cartridges. Scaling capacity is simply a matter of adding cartridges.

Delivers an easy-to-use, affordable and rugged removable backup solution for small businesses with limited time, knowledge or experience to dedicate to data protection.

- **Plug-and-play implementation:** Easily connect the USB docking station internally to a server, rack-mount kit or externally as a tabletop. Insert a removable disk cartridge into the docking station and the cartridge automatically appears as a letter drive in Windows Explorer with no extra steps or formatting.

Reduces total cost of protecting your business data

- **Affordable cost of ownership:** Lower on-going media and upgrade costs with disk cartridges designed for long usage life.
- **Future proof:** The HP RDX Removable Disk Backup System docking station is designed to work with all current and future higher capacity removable disk cartridges so the system is fully multi-generational.

Simply and securely store backups offsite for complete data protection

- **Rugged removability:** Rugged, portable and durable removable disk cartridges enable business critical backup data to be simply and securely taken offsite for disaster recovery, archiving or data transfer.
- **Reliability:** Reliable long-term data retention is enabled with docking stations specified for more than 10,000 load and unload cycles and individual RDX cartridges specified for over 5,000 load and unload cycles and long life expectancy.

Flexibility to suit most small business environments

- **Compatibility with range of hardware and software:** Suits almost every small business-operating environment. (Visit www.hp.com/go/connect for the latest information).
- **Small form factor and choice of models:** Available as half-height external, internal or rack-mount models to fit both servers and workstations.

- **Integrated backup for HP ProLiant DL380/DL385 servers:** Optimises rack utilisation by integrating into HP ProLiant DL380/DL385 rack-optimised servers.

HP Services

To help the worry out of deploying, supporting and managing your HP StorageWorks RDX Removable Disk Backup solution, we have designed a range of service options that are as flexible, scalable and affordable as our storage.

Recommended Services

- **3-Year HP Support Plus 24 Service:** For a higher return on your storage technology, this 3-year combined reactive support option delivers integrated onsite hardware/software support services available 24x7.
- **HP Installation Service:** For smooth start-up and better business outcomes, HP Hardware Installation – this service provides initial hardware installation of your product into your technology environment (system configuration is not included).
