
Product Launch Summary

P206H

Acer

P206H

Streamlined, modern elegance

The HD-ready 20" Acer P206H widescreen display presents lifelike imagery for superb enjoyment of multimedia, graphics-intensive applications, and Internet browsing. The slim, glossy frame and round base with unique concentric-circle patterning portray a new-age look for the modern home. The large power button is located on the right side for easy access, and lights up in bright blue when the monitor is turned on. This monitor's impressive appearance plus 250-nit brilliance makes the Acer P206H a winner inside and out.

Model: P206H

Color	Black glossy
Size	20" Wide (16:9)
Maximum Resolution	1600 x 900
Response Time	5 ms
Brightness	250 nits (cd/m ²)
Contrast Ratio	50,000:1 (ACM)
Viewing Angle	160° (H), 160° (V)
Input Signal	Analog & Optional Dual input (DVI with HDCP)

Features Summary

	<ul style="list-style-type: none"> • Acer eColor Management A single button — the Empowering Key — grants full access to the Acer eColor Management onscreen interface. Acer eColor Management provides a variety of advanced controls for achieving the best possible image quality.
	<ul style="list-style-type: none"> • Rapid 5 ms response time This monitor reduces deviations in transition time to deliver high-quality moving images. Acer OD (overdrive) technology improves the gray-to-gray level, which is the most important factor for enhancing the appearance of motion.
	<ul style="list-style-type: none"> • Convenient digital input via DVI with HDCP support DVI input maximizes connectivity quality between LCD monitors and other digital sources, including PC graphics cards. High-bandwidth Digital Content Protection (HDCP) support ensures enjoyment of full-quality DRM-protected entertainment.
	<ul style="list-style-type: none"> • Acer Adaptive Contrast Management (50,000:1 ACM) With a 50,000:1 contrast ratio, the Acer P206H delivers a high level of clarity and detail for stunning picture quality. This is made possible by the advanced technology of Acer Adaptive Contrast Management, which optimizes contrast by analyzing every scene, adjusting images frame by frame, and enhancing detail and gradation even in very bright or dim scenes. What's more, with ACM, the LCD monitor uses less power and saves energy.
	<ul style="list-style-type: none"> • Dependable functionality This monitor complies with the latest Windows® 7 operating systems, has undergone rigorous durability testing, and adheres to high safety standards to ensure reliability and comfortable viewing.
	<ul style="list-style-type: none"> • Widescreen enjoyment and productivity The spacious widescreen display optimizes viewing pleasure. <ul style="list-style-type: none"> o Easy multitasking and document comparison o Dual displays with widescreen notebooks o High-definition entertainment and gaming
	<ul style="list-style-type: none"> • Ergonomic tilt adjustment Users can tilt the monitor 15 degrees up or 5 degrees down, to ensure viewing comfort during sustained use.
